

New x-ray installed at Minden Hospital

Individuals who make use of the facilities of the Minden Hospital will now have access to modern and efficient X-ray equipment. The new machine has been donated to the Hospital by the Minden Rotary Club, with the assistance of the Minden Red Cross and an anonymous donor.

The 31 member service club provided \$30,000 of the \$39,088 purchase price, with the local Red Cross contributing \$4000 and the anonymous donor providing \$5000.

The installation of the new

Phillips X-ray machine, completed in late January, coincided with renovations currently underway at the hospital. This allowed a special lead-lined room to be built especially for the new equipment. The previous X-ray device was used in the emergency admitting area and, while portable screens were available to help block the scattering of the x-rays, some felt it was inadequate.

The new x-ray room has also been designed to provide additional space for

SPA status approved

Official confirmation of approval in principle for Minden's Special Policy Area (SPA) designation in the community's core has been received from the Ministry of Municipal Affairs and Housing and the Ministry of Natural Resources. The SPA status was the result of a long period of negotiations between the municipality and the provincial government over the designation of a hazard zone adjacent to the Gull River.

The granting of SPA status, in principle, was hammered out at a meeting January 13 between representatives of the township and the two

ministries. According to the letter received late last month, the special status was based on the following criteria:

- the urban centre of the township, commonly known as Minden, is subject to flooding.

- the ministries' cursory investigation of the problem has found that major portions of the urban centre are probably below the regional and 1:100 year flood lines. Application of the two-zone concept of flood plain management does not appear feasible.

- a large component of the community's commercial,

retail, industrial and residential development is located in the flood plain. Rehabilitation, redevelopment

ment or replacement of structures in such areas are seen as necessary to continued community viability and major relocations do not appear feasible.

- there are potential areas of infilling adjacent to existing development where flooding appears to be shallow and of a low velocity.

The letter points out the granting of the SPA in principle does not necessarily mean that it will be allowed when the official plan study is

carried out. Approval of SPA, according to the letter, "...will depend on the conclusions of a number of studies that need to be completed."

Among the studies which have to be carried out are the delineation of the flood lines for the community, a flood damage reduction program study, and the introduction of an official plan for the area with policies which reflect the fact the area is located in a flood plain.

Both ministries have offered the municipality their assistance in collecting data to support the SPA and for the completion of the official plan study. A representative from each ministry has been named to work with municipal officials in preparing the necessary material.

Council rejects public input for pay rates

A suggestion that the public be consulted about the amount of the honorarium elected members of the municipal council receive has been rejected by the Anson, Hindon and Minden Municipal council. The matter was raised at the January 27 meeting by Councillor Gary Kenney.

Kenney told the councillors that there would be value in including the public in setting the rates. He said the public should have a say in the honorarium, the expense allowance and the workload of the councillors. He rejected the proposal that including representatives of the public in determining the rates would reduce the council's standing in the minds of the electors. He said it would be a good way to involve the public in the council's activities.

Under Kenney's suggestion a committee which would

include representatives of the ratepayers and members of council, would make recommendation with regard to the amount councillors receive. He pointed out that the committee would only be able to advise and the council would still retain the final say in determining how much they would receive.

Kenney said the issue was similar to one discussed

earlier in the meeting regarding performance records for the township employees. "In effect, we are employees of the municipality," he said, "we should invite our employers (the public) to become involved."

Deputy Reeve Ed Pergolas rejected the suggestion saying that a fair method of setting the honorarium has now been established. He said a formula based on a time and motion study carried out in another municipality is being used as a basis for setting the pay rates here. He noted the municipality would not be able to afford to carry out its own time and motion study. The involvement of the citizens would mean individuals who are too close to the subject would be asked to make the assessment.

Councillor Larry Cummins said he felt the responsibility of setting the council's wage rates rested with the council. "That is why we were elected," he commented, "to set the rates."

Councillor Pat Burk agreed with that assessment. She added that individual members of the public would not be aware of the amount of time and effort members of council put in to do the job.

The motion, as proposed by Councillor Kenney, did not receive a seconder, and so the matter was dropped.

Dump proposal to be tried

Tentative approval has been given to the establishment of a dump runners' corner at the Scotch Line Landfill site. Approval of the idea came on a split vote at the January 27 meeting of Anson, Hindon and Minden township council.

The idea was first proposed earlier this year by Councillor Gary Kenney. He suggested that a special area could be set aside at the site where individuals could leave articles which they feel would be useful to others. Those visiting the dump would be permitted to remove, free of charge, any items found in the dump runner's corner.

A representative of the

Ministry of the Environment, Wayne Moore, attended the meeting. His ministry is responsible for setting standards for waste disposal sites in the province.

Moore explained that this was the first time he was aware such a proposal had been made in Ontario. He said in some instances, the municipality may contract for the salvaging of metals or paper at a dump, but it is usually carried out by one individual. He noted that his ministry encourages this sort of activity since it involves recycling of useful material.

However, he also pointed out that problems could arise if the general public were

allowed to rummage through the leavings at the site. He said there could be problems with health hazards and concerns about liability. He did concur however, that setting aside a separate area for useful items could be classified as a form of resource recovery.

Councillor Larry Cummins said the idea could lead to problems at the dump. He said, for example, that those visiting the dump could leave household garbage at the dump runners' corner and thereby create problems with refuse blowing about the area. "We're just asking for trouble with this idea," Cummins commented. "There will be garbage all over the place."

Moore said the municipality would have to weigh the benefits of the idea against the extra problems it might create at the dump site. He noted one benefit, pointing out that for every item taken home, it was one item less to be buried.

Kenney said he did not expect the idea to result in additional costs for the township. "I would hope the corner would operate of its own accord," he commented. "If it is going to require extensive supervision, I don't think we should do it." The councillor admitted that he was a "volunteer committee of one" who was willing to police the corner to ensure it did not

editorial

Sharing the trust

There is something appealing about a proposal offered by Councillor Gary Kenney regarding public input in setting rates of remuneration for township councillors. The idea was rejected by the other members of council at the January 27 meeting.

The suggestion would have seen an advisory committee of citizens and members of council recommend the stipend, benefits and expense allotment for councillors. The council would retain the right to reject, accept or modify the recommendations.

The idea has appeal if only because it would invite public participation in what many consider to be a controversial issue. Including representatives of the public in assessing the pay rate, would help to legitimize the action of the council.

These points are important, but equally compelling is the fact that members of council were elected to make decisions on the community's behalf. At every meeting these five individuals vote on measures that represent expenditures far greater than this combined yearly stipend. If the community trusts the council to make decisions of this magnitude, surely they can also deal fairly and honestly with their own remuneration.

Acting in a fair and honest manner means council should pass resolutions regarding their honoraria and benefits in a way that permits public scrutiny. It could, for example, mean giving a notice of motion prior to changing the by-law which affects the benefits and income they receive as elected officials. It also means returning that trust shown in their ability by the voters by dealing with this matter in an open and public manner.

Considering what has transpired in the past, we can appreciate a certain degree of skepticism on the part of the public. But if the council is willing to be open with the electorate, we feel the responsibility should be with the council.

Congratulations

Last week in this column, we had an opportunity to laud the efforts of the Minden Kinsmen Club and the Minden Figure Skating Club for their efforts in presenting an enjoyable winter carnival. Both, through their efforts and hard work, provided the community with an enjoyable experience.

This week we can once again extend congratulations to a service club for their contribution to the community. The Minden Rotary Club spearheaded the purchase of a new x-ray machine for the local hospital. The club donated \$30,000 for the purchase of the \$39,000 modern piece of equipment. They were willing to take out a loan for the extra \$9000 to cover the full price but the Minden Red Cross and an anonymous donor agreed to make up the difference.

It is through contributions, like the one made by the Rotary Club, that service clubs show the results of their efforts with the whole community. Their dedication to the betterment of the community is greatly appreciated.

Congratulations!!

Bethel Church

Farms are declining

- by John Eakins, M.P.P. -

The Canadian Census of 1981 provides interesting data in regard to agriculture in Ontario.

According to the census, in 1981 the number of farms in Ontario had declined by 7% from 88,801 during 1976 to 82,448. That decline in Ontario was somewhat greater proportionately than for Canada as a whole, where the decrease was just under 6%. The largest decrease was for farms of 70 to 239 acres in

size, 13% fewer farms, or about twice the provincial rate for all farms. On the other hand, there were many more small and very large farms in 1981 than during 1976. The number of farms of under three acres increased by 23 1/2%. Farms over 760 acres in area, in three size groups, increased in number, on average, by 29%. But the four groups that contained greater numbers of farms represent only 4% of all farms in

numbers represent over 48 1/2% of all farms in Ontario.

Farming area

One recent issue concerning agriculture in Ontario has been the conversion of

(more on page 5)

The state of relations with Ontario's Indian community in recent years has been characterized by hostility, with confrontations over the new Constitution, land claims, and Indian nationhood. But with a draft Indian fishing agreement signed by Natural Resources Minister Alan Pope and the Ontario chiefs just before Christmas, the first steps towards renewed co-operation have been taken. Unfortunately, those steps are in danger because of a backlash that smacks of misunderstanding and racism.

The agreement gives first priority to conservation, and allows the Minister to limit any Indian fishing for stocks that are in danger. It also recognizes that local Indian fishing is a very important food source for the native communities, and allows this traditional fishing to continue without the usual restrictions for anglers. However, the Indians have agreed that they will live by the same rules as whites for any commercial fishing operations, where fish are sold. Twenty new Indian conservation officers will be hired for enforcement.

Ontario "sportsmen" have made much of the Indians' ability to fish anywhere, anytime for food, conveniently ignoring the fact that this right was granted to them both by their original treaties and by recognition of their special status under the Constitution. Furthermore, the Indians have agreed to respect fish sanctuaries declared by the Minister and any special limits established for conservation. Local Indian bands will also be involved in establishing rules for their own harvest to ensure that the fishery can be sustained.

The other contentious point has been the provisions to establish exclusive zones on

Assessor will be consulted

The thoughts of the regional assessor will be sought before Anson, Hindon and Minden council adds its support to a resolution received from the Town of Clinton. The matter was reviewed at the January 27 meeting of the council.

According to the letter from Clinton, municipalities are losing a great deal of money in taxes as a result of individuals challenging the amount they must pay by taking the issue to the Assessment Review Court. The letter points out that the municipality is not represented at these hearings and it is felt the reductions in assessment are being too easily obtained.

The letter suggested the municipality should be represented at the hearing.

The aim would be to reduce the amount of assessment lost through the review procedure.

Deputy Reeve Ed Pergolas said the hearing chairman would probably not appreciate the presence of a municipal representative. "It is strictly a matter between the individual and the Assessment Review Court," he added.

Clerk-treasurer Elinor Burke pointed out that the assessor is in attendance at the hearings. Since he is now the one who set the assessment in the first place, he can defend his actions and is in reality acting on behalf of the municipality already.

Pergolas noted that determination of assessment is a complicated matter. "Who here," he asked referring to the councillors

defend our position at a hearing? The only thing we could do is talk with the assessor prior to the hearing."

The councillors agreed to contact the regional assessor in Lindsay for his opinion on the subject. The matter is expected to be dealt with at a later meeting.

John Eakins

(from page 4)

farmland to other economic uses. The statistics in the 1981 census throw some light on changes that have occurred since 1976. The total area of all farms in the province has decreased by 3 1/2% from 6.26 million hectares (15.47 million acres) to 6.04 million hectares (14.92 million acres). On the other hand, the amount of improved land and land under crops have both increased since 1976, although not by large amounts. But if a somewhat longer historical perspective is taken, since 1951 there has been a 4% decrease in both improved land and land under crops in Ontario.

The most notable decreases in farm areas since 1976, and for the longer term, were in improved pasture and farm woodland. Since 1976, pasture area decreased by

12%. Farm woodland area decreased by 11%. It may be that some of the improved pasture and woodland is being converted

into improved farmland or crop lands. But the size of the decreases are far from being fully offset by the increases in improved farmland and crop land.

The difference between the decreases, on the one hand, and the increases on the other suggests that some portion of Ontario's improved pasture and farm woodland is being lost for agricultural use altogether. Unfortunately, the published statistics currently do not provide a regional breakdown for change in agricultural land use, so it is not possible to indicate where in Ontario losses have been the least and greatest.

The perfect match for Valentine's Day.

Letters of thanks sent

Letters of appreciation are being sent to the Minden Rotary Club and resident Stuart Brandon by the Anson, Hindon and Minden Township council.

The letter to the local service club was in recognition of their role in acquiring a new x-ray machine for the Minden hospital. The club donated \$30,000 of the \$39,000 cost and assisted in the co-

ordination of the purchase.

The letter to Stu Brandon is in recognition of his efforts in promoting the community through a plastic bag promotion. A number of merchants are using plastic bags with a stylized Minden logo designed by Mr. Brandon. The slogan "It's only natural" also appears on the bags.

Thank you

The Kinsmen Club of Minden extend sincere appreciation to all the merchants who supported our winter carnival souvenir program. Your help ensured the success of the winter carnival parade and carnival queen pageant. Our thanks to:

from the chamber

by Bob Stinson

The Chamber, several months ago, formed a cross-country ski committee. This does not mean that the Chamber is now going to get involved with the mechanics of establishing and maintaining trails. The committee has identified that there are a substantial number of km of trails either established or being developed and they are concerned with co-ordinating what is happening in some way, to make it all fit together and be of the greatest possible advantage to the entire county.

The Chamber's interest was sparked when a survey of ratepayers in Stanhope indicated an overwhelming interest in seeing trails developed in that municipality as opposed to other recreational facilities. Stanhope, as a result, is proceeding with the development of a sizeable trail network. The Frost Centre and the Haliburton Cross Country Ski Clubs in co-operation with the Lake Kashagawigamog group have had an excellent trail system for several years and so have some of the individual lodges. There are at present 206 km of groomed trails open to the public in the County with another 115 km presently being developed. There is also about 49 km on private lands for the use of guests at specific resorts.

Cross country skiing is big business - as a matter of fact it has been the fastest growing recreational business over the last 4 years in this province. It is growing right now at the same rate as snowmobiling was in the 70's and the levelling off point is not yet in sight. Rather than being curtailed by the tight economy, it has been spurred on because it is perceived as an inexpensive and healthy pastime. Haliburton County is the self-proclaimed and undisputed capital of cross-country skiing for Canada.

That title certainly will be challenged however, if we don't see to it that our facilities continue to be created and cared for to the point that they cannot be matched anywhere.

The committee the Chamber has formed is holding a meeting at PineStone Inn on March 9 at 7:30 p.m. They are inviting all those who are either currently involved with a ski trail system or are considering such involvement. The purpose of the meeting will be to set up communications that will help to promote all of the systems and provide some base for funding the work that is being done. It would also be very desirable to work towards linkage of the various systems to enable skiers to ski from one trail to another. This could result in what is called "Hut to Hut" ski packages where ardent skiers may go from lodging to lodging possibly working in a circuit that brings them back to their original starting point in several days.

It is hoped that the meeting will result in a well co-ordinated approach to exploiting the resources we have available in the coming years.

Thinking summer down there

While it may be starting to finally look like winter in the Highlands we are painfully aware that it's still a 'non-winter' in Toronto and the golden horseshoe area. With no snow on the ground where they work, potential tourists are just not thinking about coming away for skiing or snowmobiling.

One phenomenon that has been created is that no matter what we and various resort operators say in our advertising, we are generating more inquiries for summer than winter. It seems a large part of the population has already written off this winter and are now concerned with making plans for the coming summer.

Broom & Stone

by Anita Beaver

The following are the standings as of February 7 in the various leagues. The names indicate the skips.

Monday Night ladies: first Debra Neale, second Linda McKnight, third Cheryl Murdoch.

Tuesday night men's: first Dwight Thomas, second J.O. Jackson, third Jim Burton.

Wednesday night: (MNR-

OPP-Ontario Hydro): first Bill Dillon, second Brian Cross, third Reg Raby.

Thursday Mixed: first J.O. Jackson, second Jim Burton, third D. Neale.

Friday night mixed: first Jim Garbutt, second Herb Gill, third Gareth Kellett.

Senior mixed: first Harold Morgan, second Ed. Pettinger, third Cec Yearwood.

Senior Men's: first Cec Yearwood, second Harold Morgan, third Jim Burton.

Bonspiel News

The senior men sent a rink to a bonspiel in Hamilton this past weekend. At this point we are unsure as to how they fared except that they are still

in the competition. The rink includes Jim Burton, Milt Endicott, John Beachli Sr., and Herb Gill. Good Luck guys!

A Minden rink enjoyed an exciting win this past weekend in the 'B' event of the Haliburton Mixed Bonspiel. Skip Bill Obee pulled it out of the hat with some terrific curling to tie the game in the eighth end. The Minden foursome were able to defeat Murray Kuno rink of Haliburton in the first extra and to take the title. Members of the winning team included skip Bill Obee, vice Penny Obee, second Ron Reid and lead Anita Beaver.

A note for curlers, the Wilberforce club is looking for extra rinks for their mixed bonspiel this weekend.

Parade results

Float winners in the Minden Kinsmen Winter Carnival Parade were: Commercial Class - Dollo's I.G.A., Eagle Lake Store and Kawartha Dairy. Non-Commercial Class: Peterborough Kinsmen's E.T. placed first with Hyland Crest and Minden Fitness & Self-Defence Club third.

FITNESS NOW!

Time for fitness is time on Your Side.

Correction

We incorrectly identified the youngster who presented Miss Canada with a bouquet of flowers in the pictures which appeared on page three of last week's edition. The young lad who received a kiss from the special guest at the winter carnival was Andrew Zeller.

outdoors

by Ron Reid

(from page 4)

40-50 Ontario lakes where only Indian fishing would be allowed. However, the Minister has promised that these zones will not affect areas with intensive sports use, or any existing commercial or tourist business.

The fishing agreement still has many steps to go before it can be implemented, and even then it will only be a temporary solution until the Indian claims are settled. But it is a beginning and a significant step towards a more co-operative approach to the very real problems of Ontario Indians. Surely, in a province as large and wealthy as Ontario, we can find the generosity of spirit to accept an agreement that will guarantee the most basic rights and the opportunity for building economic self-reliance that our Indian communities so desperately need.

Employee form approved

An employee performance and evaluation form has been adopted for use within the municipality of Anson, Hindon and Minden. The township council accepted the proposed form as presented by Councillor Pat Burk January 27.

One member of council objected to the reporting form. Deputy Reeve Ed Pergolas noted his objection was based on the proposal that the form when it is completed, will be shown to the employees. He agreed with the idea of having a systematic method of recording the performance of municipal employees, but expressed concern about the value of the system if the employees are to be shown the form when it is completed.

Councillor Burk told the meeting the forms would be

useful in assessing probationary employees and when considering employees for promotion. "These reports should be used in a positive way," she commented. "They are meant to show the value of an employee to the municipality." She told the meeting that supervisors would be expected to present the information contained in the reports in a tactful manner. "If need be, the forms could provide the basis for constructive criticism of an employee's performance," the councillor stated.

Burk added that with the forms being filled in on a regular basis, the municipality will have a record of an employee's performance. "If at some time it becomes necessary to discharge an employee, we will need a record to substantiate our actions."

The councillors stressed however that the forms, which it has been suggested would be completed by the supervisors quarterly, would represent a 'progress' report on an employee.

Pergolas said the fact that the form would be shown to the employee after the contents had been discussed with him by his supervisor, bothered him. He said he felt the employees should not be allowed to see what is written on the forms.

Councillor Gary Kenney said the forms should be used for constructive purposes, to show an employee where he or she is not doing their job correctly and how improvements or changes can be made.

Adoption of the use of the employee record forms, and how they will be used, will be included in the municipality's procedural by-law to be considered in the future. The motion to accept the forms in principle was accepted on a recorded vote with Deputy Reeve Ed Pergolas registering the only negative vote.

Scott blames Quebec block

Victoria-Haliburton MP Bill Scott has suggested that it was a block of voters from Quebec who were responsible for the opposition to Joe Clark's leadership during the Progressive Conservative convention in Winnipeg at the end of January. Scott, who was in attendance at the event, said that if the gathering had been a full-fledged leadership convention, he is confident that Clark would have won a mandate to continue to lead the party.

Scott said he was pleased that the PC's have changed their policies with regard to leadership review. The party policy now states that a leadership review can only be carried out following an election which the PC's have lost. Interim reviews and votes, similar to the one taken in Winnipeg, will no longer be permitted.

The local MP said he

expected the leadership convention to be held in early summer. "It is an improper time for a leadership convention, however," Scott pointed out. "It is a busy time of the year for most people, and I think the organizers are going to have problems finding facilities to handle the convention."

Scott said he felt the leadership convention would, "help clear the air," regarding the leadership of the party. However, when asked if he felt the party would emerge from the process stronger, Scott was hesitant to make a judgement. "We'll have to wait and see," he commented.

The MP said he got along well with Joe Clark, but refused to indicate who he might support when the convention is held. "I can't say who I'll support. Any decision will have to wait until all the leadership contenders are known."

Batik display starts today

The work of local artist Mary Wallace will be on display at the Minden Art Gallery to the end of this month.

Well-known in this area for her unique batik work, Mary has created a number of new pieces, especially for this showing. Mary has been a county resident since 1976 and has taught arts and crafts courses for many years. Her work is unique in that it combines quilting and batik. The scenery of Haliburton County has provided the

inspiration for much of her work.

Several paintings by the late Dr. Agnes Jamieson will also be on display at the Centre's common room.

The gallery is open daily from 3 to 5 p.m.

The art gallery committee is also seeking ideas and suggestions for the facility. Anyone interested in getting involved or with a suggestion to offer is invited to attend the next gallery meeting scheduled for February 14 at 7:30 p.m.

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE CORPORATION OF THE TOWNSHIPS OF ANSON, HINDON & MINDEN TO CLOSE, STOP UP AND LEASE A PORTION OF PART OF THE ORIGINAL ALLOWANCE FOR ROAD IN LOT 2 BETWEEN CONCESSIONS II AND III, IN THE TOWNSHIP OF MINDEN, IN THE COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 302, Section 298 of the Municipal Act, that the Township Council of the Municipality of Anson, Hindon & Minden proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Minden, Ontario on Thursday, the 24th day of February, 1983, a By-law to close, stop up and lease the following:

THAT PORTION of the above referred to original allowance for road 33 feet in perpendicular width which abuts the land ownership of the applicant Sid Stamp Fuels Limited and which lands are more particularly shown on a sketch plan made by the Hydro Electric Power Commission of Ontario under date March 16, 1970 and which sketch plan is available for inspection at the Township of Anson, Hindon & Minden office, Minden, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law at the meeting to be held at the time and place above mentioned, the Township Council of the Municipality of Anson, Hindon & Minden shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-law and who applies to be heard.

DATED AT MINDEN, ONTARIO this 14th day of January, 1983.

Juveniles lead in playoffs

by Dwight Thomas

The Minden Monarchs Juveniles opened the OMHA playoffs in impressive style dumping the MacTier juveniles in two weekend games.

The Monarchs used an awesome offensive display to thump the visitors 11-3 Friday night and then humbled their hosts Sunday afternoon by an 11-4 count.

Minden's passing was crisp, their checking thorough and their shooting, obviously accurate. And in a pleasant departure from the previous week's debacle against Powassan, the Monarchs kept their cool and stayed clear of the sin bin.

Minden's three Scotts - Scot Hamilton, Scott Rae and Scott Mitchell, had big games. Mitchell had four goals and one assist; Rae picked up one goal and three assists and Hamilton got one goal and two assists in game one. The boys' Sunday statistics were: Hamilton four goals, two assists; Rae two goals, three assists and Mitchell two goals. Stephen

Smith also shared the limelight scoring three goals and one assist Friday, while adding one goal and one assist Sunday.

Also contributing strongly in Friday's game were Eldon Bull with one goal and a big

four assists; Ivan Ingram with one goal and one assist; Tim Wood with an assist and Harold 'Trigger' Cowen with three assists.

Supplying the extra firepower in Sunday's joust was Greg Newell with a goal and two assists and Jeff 'Boomer' Stamp with one goal and four important assists.

Jim McKelvey and Eldon Bull added a couple of assists each while Harold Cowen chipped in with a single assist.

In Friday's contact the Monarchs outshone the opposition throughout the game while Sunday's encounter was fairly even through the first two periods

before the Monarchs exploded for six third period markers.

Minden now leads the best four out of seven series, two games to none with game three slated for this Friday night in Minden at 8 p.m. Game four goes at 7 p.m. Sunday night February 13 in Mactier. A bus will be leaving from the Municipal office Sunday at 4:30 p.m. A nominal fee is charged for this transportation and everyone is welcome to come out and support our Juveniles.

If the Monarchs play as they did in the first two games they should be able to overpower Mactier in both upcoming games.

Rec. hockey playoffs start

The Minden Men's Recreational Hockey League began their playoffs Monday evening after a competitive session which saw a final point spread of two between first and last teams.

Home Hardware and Hall's Insurance play in the 'B' category of the playoffs and opened up the action on Monday.

Rick Hartwick scored three goals for Home Hardware to lead them to a 6-4 win. Hartwick scored Home Hardware's first two goals with Jim Keetch assisting. Doug Rae then scored the

first of his two with Dave Pettes and Ted Vasey assisting. Vasey assisted on the next goal as well after accepting a pass from Pete Pearson and feeding it on to Joe Giles who scored. Hartwick then scored his third with Larry Sawyer assisting. Rae scored the last

Home Hardware goal with Giles picking up another point.

Hall's Insurance scoring was started by Wayne Johnson after the team suffered a first period drought. Johnson was assisted by Dan Read and Barry Smith.

Dave Brown scored the second Hall's goal after passes from Johnson and Brendan Berube. Berube then scored with Brown and Read helping out.

Brown picked up his third point of the night on another Johnson pass. Mike Jackson also assisted.

Home Hardware won the first game of the series 6-4.

Second game

Brian Shaw figured in every goal but one in a tremendous but losing effort as the Rockcliffe Foamblowers fell to Hartwick Construction in the 'A' playoff series action.

Hartwick received the bulk

of its goals from John Barkwell. He opened Hartwick scoring assisted by Dave Lee. The next goal was scored by Al Stender assisted by Barry Shaw and Sid MacKeigan. McKeigan started the next goal as well when he passed to Stender

who relayed the puck to Dean Hewitt who scored. Barkwell added another marker at this point again assisted by MacKeigan.

Stender picked up his second goal for the night. Shaw started the effort and Hewitt continued it. Barkwell made his hat trick with Shaw assisting on this goal as well. Barkwell then set up Doug McNabb for his goal.

Barkwell wound up his point getting the evening with his fourth goal, an unassisted effort.

Hewitt scored unassisted, and Stender put one between the posts to get the second

Hartwick hat trick from playmaker Sid MacKeigan and Hewitt. Hewitt picked up the teams third hat trick with Stender and the seemingly ever present MacKeigan assisting.

Hartwick Construction was faced with a sensational one man scoring effort by Brian Shaw. Shaw scored the first goal for the Foamblowers unassisted. He helped out on the next goal by Steve Crowe with Garry Harrison. Shaw then scored the next goal unassisted. Jerry Campbell and Jim Todd assisted on that goal with Harrison passing to Shaw for his fourth. Shaw, not content, scored his last goal unassisted. This last goal brought the total single handed scoring by Shaw to five goals with one assist.

Garry Harrison picked up the last Rockcliffe goal but in spite of all Foamblower efforts, Hartwick won the game 11-7.

Rockcliffe Foamblower goaltender Duane Lennie blocks a shot from a Hartwick Construction player in Minden Men's Recreational hockey Monday night. Hartwick won the game 11-7, Home Hardware beat Hall's Insurance in the first game 6-4.

NOTICE

IN THE MATTER OF the Municipal Act; and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to adjoining the landowner part of the 66 foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shoreline perimeter of Kashagawigamog Lake in front of Lot 21, Concession II in the Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to Section 301(1) of the Municipal Act R.S.O. 1970, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden at its regular meeting to be held in the Municipal Council Chambers, Milne Street, Minden on THURSDAY, February 24, 1983 proposes to consider and, if deemed advisable to pass a By-law to stop up, close and convey the above-noted portion of road allowance more particularly described as follows:

All that part adjoining the original shoreline allowance for road along the shore of Kashagawigamog Lake in front of Lot 21, Concession II in the Township of Minden in the County of Haliburton, designated as Part 2 on a draft Plan of Survey by Bishop and Wilson, O.L.S. dated December 30, 1982.

AND FURTHER TAKE NOTICE that before passing said by-law at the meeting to be held at the time and place mentioned, the Council shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at MINDEN this 2nd day of February, 1983.

The plan of survey referred to herein is available for perusal at the Municipal Offices during normal working office hours.

puck talk

Minden Minor Hockey Association teams excepting the Atom and Novice teams began playoffs during the past week with mixed success.

Pee Wees

The PeeWees lost their best of three series with Mactier two straight. The powerful Mactier team beat Minden 10-3 last Friday, February 4. The home game saw goalscoring by Scott Russell from Sheldon Perry, Trini Elias from Cory Ackley and Russell again from the goalie Jim Riordon.

The Sunday February 6 game sent Minden players home from Mactier with the Muskoka Consolation series in sight. Mactier won a slightly closer game with Tom Heppleston doing most of the damage for Minden. He scored the first two Minden goals with Kent Taylor assisting on the first and Sheldon Stevenson on the second. Sheldon Perry then scored from Derek Allison and Trini Elias. Heppleston picked up his third point assisting on a Scott Russell goal.

Minden now enters the Muskoka cup consolation series.

Bantam

Minden Bantams had a chance to turn their series against Mactier around Tuesday night. They have lost two of their best of five series, both by close margins.

On February 3, Andy Miller and Tom McLeod scored in a losing 4-2 effort in Mactier. McLeod and Glenn Hall assisted on Miller's goal and John Wells and John Ballantyne arranged the mark for McLeod.

Mactier travelled to Minden Sunday to win an exciting game. The teams had played to a 4-3 game by the last minute of the match when Minden pulled their goaltender. After a long battle, Minden could not prevent Mactier from scoring with only 17 seconds left on the clock.

Minden goal scorers were Daryl Ward from Andy

Miller and Tom McLeod; Scott Russell from Gord Wood and David Schell; and Andy Miller from McLeod and Russell.

The third game was played February 8 in Mactier.

Atom

Minden Atoms have not yet started their playoff series but did play an even match with Haliburton. The Dysart Arena game on February 4 saw the teams skate to a 3-3 tie.

Kent Taylor scored the first Minden goal unassisted. Robie Ackerblade was responsible for the second marker with Joey Boyle and David Lee. Boyle rounded out Minden's scoring assisted by Taylor.

Minden kept a 3-2 lead until the last minute of play when Haliburton managed to tie the game.

Both Atom and Novice teams are awaiting playoff arrangements to be set this week.

Juvenile

Minden Juveniles bombed Mactier in the first two games of their series. The February 4 game played in Minden was a rout for the home team, 11-3. The second game was little different as Minden rolled over the hapless Mactier team 11-4.

The schedule

Upcoming games include Minden Juveniles' third playoff game, in Minden, at 8:00 p.m. on Friday, February 11. The fourth game will be played in Mactier Sunday at 7:00 p.m. A bus is available for all away games.

Mactier Bantams will play in Minden on February 12 at 6:30 if the game is necessary.

Saturday, February 12 the eighth annual Tim Harrison Memorial Midget Tournament will be held at the Minden arena. The tournament is held in honour of the 15 year old who died after being struck on the head with a puck while refereeing a hockey game. Teams are expected from Willowdale, Ops, Ennismore and three from Oshawa.

YBC News

Members of Carnarvon Lanes YBC are on the go. Last Sunday, John Fountain and Darryl Bell travelled to Pinecrest Bowl in Port Hope to take part in the annual Pepsi Challenge. Next Sunday, February 13, teams bowling in the Four Steps to Stardom tournament travel to Port Hope and Cobourg to take part in that tournament. Bantams heading for Pinecrest Bowl are Doug Jackson, John Patton, Timmy Robinson, Chris Lawr and Stan Lawr. The tournament begins at 10 a.m. The Junior boys team will

bowl at 10 a.m. at Cobourg, they are: Darryl Bell, Richard Beers, Brian Miscio, Angelo Miscio and Darwin Bell.

On Sunday February 20, two shifts of bowlers will participate in the singles contest at Liberty Bowl in Bowmanville. Bantam, Junior and Senior boys, Doug Jackson, Darryl Bell and John Fountain bowl at noon and at 2:00 p.m. the girls (or girl in this case) Lora Patton, will compete.

Best of Luck to all the competitors - let's show them what Carnarvon can do!

Well readers, I'm starting this letter on the last day of January, and winter is half gone. We were sorry to learn that Rev. Brubacher, a former minister here for a good many years is in hospital. Our prayers and good wishes go out to him and his wife.

The Thompsons took the first part of the service Sunday night. Harold read the lesson and offered the prayers. Ruth played and led the singing and Rev. Burgess took over from there. He took his text from John 14 Verse 27 "My peace I leave with you."

Our nurses have a real trying time with some of the residents here, but they always try to help them and dispense the pills with cheer.

We have just learned about the judging Saturday afternoon that our Miss Piggy took second prize. She would have taken first if the judges had been wise, and just a little bolder, they would have noticed her lovely hands and her pork shoulders.

Linda showed interesting movies Monday night, "The heavy horse pull" "Lots of money at stake" "Brooms of Mexico" and "Malyne Lake."

The nurses got their drugs moved into a new drug room and are very proud of it.

Rev. Elliott of Minden Anglican Church conducted a nice communion service in the chapel this lovely winter day. Agnes Taylor and Barbara

Trocewicz came to sing and play. These girls, so faithful, hardly ever miss a chapel day.

Bingo Tuesday afternoon, was put on by the kitchen staff; I don't play nor does my better half.

Tuesday night after working in the woods all day, Earl Cooper came to Hyland Crest with his violin to play. Cathy Owens came too, with her accordion and played and sang some good old hymns. We thank them both for a job well done.

Ellen Johnston had a birthday and she was 94. Sometimes she's in good humour, sometimes feeling sore. Others having birthdays this month, Margaret Gainforth, Mary Langdon, Ellen Knight, Ruby Lewis, Chris Precoor and yours truly.

The UCW from Ingoldsby United Church brought and served a delicious lunch on Thursday afternoon. Fruit, bread, iced cakes and cheese, these ladies sure know how to please.

Ladies working in the craft room were busy as bees, some knitting afghans, some sewing quilting blocks. Mrs. Eastman is on afghan 15, yet these she hasn't seen.

Thursday night is bingo night here at Hyland Crest, put on by members of the Kinsmen Club. Steven Crowe was our special guest.

We missed Norma Barron at sing-song today but we always enjoy Fred Ballard when he comes to play.

We saw in The Times that Anson, Hindon and Minden have a new crest and Sharon Barclay's design was chosen as best. Congratulations Sharon we would like to say, for we were once your neighbours just across the way.

We were sorry Mrs. Knight was back in hospital, but she is home again.

Getting a tax refund is almost as satisfying as being shot at and missed.

New equipment for wardens

Fire Wardens serving Anson, Hindon and Minden townships will be receiving new or rejuvenated equipment this spring.

The municipal council agreed to the expenditure to update the equipment at the January 27 meeting.

According to a report from By-Law Enforcement Officer Dick Schell, some of the equipment has not been serviced since 1974. In some cases, certain pieces of fire-fighting apparatus are missing. The total cost of re-equipping the fire wardens was estimated at \$1200.00.

The fire wardens, who reside in various locations throughout the municipality, are the first line of defence in responding to grass and minor forest fires. They are equipped with axes, shovels and portable water backpacks to assist them in containing fires. In the case of serious fires, the Minden Fire Department or the Ministry of Natural Resources fire crews can be called in.

The council agreed to include the expenditure in the fire department's budget for 1983.

January weather

-by Phil Graham-

Average high	-3.2	26.2.
Average low	-12.6	9.3.
Average for month	-7.9	17.7
Average for last January	-19.9	-3.8
Highest temperature	3	37.4
Lowest temperature January 26	-27	-16.6
Snowfall	41 cm.	16.1 in.
Rainfall	23.6 cm.	.9 in.
Total precipitation	64.6 cm.	2.5 in.
Snow on ground January 31	23 cm.	9 in.
Snow on ground last year January 31	51 cm.	20 in.
Total snowfall to January 31	129 cm.	50 in.

January was a fairly mild month much above normal temperatures in fact 12 degrees C (21.5 F) warmer than last January. Precipitation was about one third less than last January.

Last January 12 hit -40. There were no temperatures in that range this January.

around the county town

by Yvonne Guida

Host Irwin Karnick of CFMX-FM has invited me to be a guest on his program Measure for Measure on Sunday, March 6 at 9:30 p.m. Irwin is a very genial host and plays classical music with interesting commentaries on diverse subjects, and poetry. This will be a pleasant experience for me, one I'm looking forward to with pleasure.

The members of St. Paul's ACW will be making Easter Eggs again this year. These good ladies and several hundreds of the delectable confections last year and were enjoyed by everyone fortunate enough to receive them. I am sure their orders will be even greater this year. Anyone interested may call 286-1817 or 754-3161.

I was both pleased and flattered to be invited by St. Paul's ACW to speak at their monthly meeting on March 8 at 7:30 p.m. This is another event to which I am looking forward.

Petty Officer Dennis Moore and his wife who have been transferred from Esquimalt British Columbia to Base Borden, have been having a pleasant visit these past few days with their families in Minden and Bracebridge.

I am sorry to report that Mrs. John Francis is at present a patient in Toronto General Hospital. We wish her a speedy recovery.

Lost Youth

Once I had never seen the sea
The sea was something new to me,
A coloured scene at which one looks
In children's lovely picture books,
Sometimes in summer, I recall
When I was very, very small,
There by myself I used to play
All by myself the livelong day.
Or by some brook or tiny stream
Just with my doll I'd sit and dream
And watch the perch and bass and trout,
With shiny scales, they'd dart about
A porcupine that ambled by
A sudden flash - a dragonfly.
And there amid the forest green
A slithering snake, his skin agleam.
Then I grew up at a steady pace,
I met the ocean face to face,
I heard the ocean's vibrant roar
Something I hadn't heard before.
Then I was not a child of ten
And I could not go home again.
But there are times of poignance when
For my lost youth, I sometimes yen,
Sometimes I lie awake in bed,
With downy pillows 'neath my head,
When once again I like to dream
About that lake and quiet stream
About the perch and bass and trout
And how they still do dart about
Why could we not forever stay
Like little children at their play
Dreaming of princes come to call
On one who's fairest of them all.
But then I hear the restless sea
Relentless still, it calls to me.
That rolls triumphant over all,
For wistful wishes dreams impart
Is just a beating of my heart.

Yvonne

omission.

Debbie, Paul and Fred Hewitt visited with his mother Joyce, last weekend.

Don't forget the Pancake Supper at St. Paul's on Tuesday February 15 from 5 to 7 p.m. Tickets for adults are \$3.50 and for children \$2.00. All are welcome. This should be a delicious repast and is sponsored by St. Paul's A.C.W.

The Thrift Shop at St. Paul's will again be open this Friday, and hopefully every Friday from now on. You can certainly get great buys from this shop, so do take advantage.

Also keep in mind the Valentine dance, sponsored by the Kinette Club of Minden, held at the Minden Community Centre on Saturday, February 12 from 8:30 p.m. to 1:00 a.m. Music will be provided by D.J. Tommy Williamson and a light lunch will be served plus door and spot prizes. All proceeds go to community service. This should be a fun event.

Q: What kind of coat has not buttons and is always wet?
A: A coat of paint.

Q: What musical instrument makes the best pet?
A: A trumpet.

Q: What does a frog say when it washes the car windows?
A: Rub it. Rub it. Rub it.

Q: Why are movie stars such cool people?
A: Because they have so many fans.

Q: Why did no one play cards on Noah's Ark?
A: Because Noah always sat on the deck.

Bye for now. Take it easy. God bless till next time.

book nook

The following is a list of books available for your reading pleasure at the Minden Public Library.

Juvenile Fiction

Title: Mr. Tod's Trap.
Author: M. Carrick.

Another "I can read" book of Mr. and Mrs. Tod and their family of fox cubs and how clever Mr. Tod built a great trap for rabbits. Well illustrated and good reading.

Juvenile Non-Fiction

Number: J.398.2. Author: Alvin Schwartz.

If you like to read scary stories, please try this book. It is full of eerie and funny tales and illustrated in black and white by Stephen Gammel.

Adult Fiction

Title: Stewardess. Author: Robert Serling.

The author of The President's Plane Is Missing returns with another super-charged novel.

The year is 1955. The young woman is named Danni Hendricks - strictly raised,

more ambitious than even she realizes, and absolutely in love with the idea of flying - gets admitted to Trans-National's stewardess school and duly passes. This book is her story from then to the present and through her eyes the history of commercial aviation in this country as well. For while Danni has severe and deeply moving personal problems, uppermost among them a near-

marriage to a suicidal schizophrenic, her career rises as the airline itself grows, and she is involved with it all: the training of new stewardesses; the changes in procedures as new planes are brought in; the introduction of jets; and most important, the attempted unionization of the stewardesses, the event around which the climax of the book resolves.

Adult Non-Fiction

Title: Mona - A Mother's Story. Author: Ginette Bureau.

Ginette Bureau has written of her daughter Mona's battle with leukemia. She tells of the treatments' successes and failure, the good days and the bad days and the courage of her daughter. This is a very honest and compelling story of a family's love and courage.

MINDEN Gospel Church

PASTOR: REV. E. L. WICKS 286-1338

AT REST

MINAKER: Annie Irene - On
Thursday, December 16, 1982
Annie Irene Minaker entered
into rest in her 80th year at
Gelert, Ontario in the
township of Snowdon.

She was the beloved wife of
the late Harvey (Pat) Minaker
who predeceased her in June,
1976. Dear mother of Audrey
(Mrs. Bob Vick) of Gelert,
Grayce (Mrs. Bud Dart) or
Oshawa, Blanche (Mrs. Clark
Miller) of Midland and
Patricia (Mrs. Larry Terice)

of West Hill. Loving
grandmother of eleven
grandchildren and eight
great-grandchildren. Dear
sister in law of Mossom and
Maybelle Minaker of Lochlin
and loving aunt of several
nieces and nephews. She was
predeceased by three sisters
and three brothers, the
daughter of the late Edward
and Annie Duncan of Allsaw,
Ontario.

A member of the Lochlin
United Church, The Highland
Chapter No. 230 Order of the
Eastern Star and a past
member of the Ladies Orange
Lodge at Lochlin.

A lovely service was
conducted by members of the
Eastern Star. The funeral
service was officiated by Rev.
John James of Haliburton in
the Gordon A. Monk funeral
chapel on December 18, 1982.
Spring interment to be held in
Ingoldsby Cemetery.
